Rosedale High Flow Filtration Systems

- From 1 to 31 elements per filter housing
- Beta 5000 (99.98% efficiency) rated for consistent product quality
- Operator-friendly cartridge and housing system
- High flow performance in a convenient design
- Horizontal mounting configuration

Model 18340
High Flow Housings

These housings are available in standard and custom configurations to suit your specific needs. All housings are designed, manufactured, tested, and code stamped in accordance with ASME Section VIII, Division 1.

They are available in a variety of sizes to accommodate from 1 to 31 filter cartridges in 40-inch and 60-inch lengths and two popular styles. You can select from the "High Flow" basic size 6.32-inch (152.4 mm) seal diameter or "Trade Size" #2, 7.20-inch (182.9 mm).

Larger housings are available upon request. The horizontal style maximizes ease of operation and change-out, while reducing the systems footprint.

Features
- Horizontal mounting configuration
- Hinged cover for easy element change-outs
- Standard pressure / temperature ratings to 300 psig and 250 °F
- Available in Carbon Steel, 304, or 316 Stainless Steel
- 40” and 60” element lengths
- ASME Code design

Based on housing only. Fluid viscosity, filter cartridge used, and expected dirt loading should be considered when sizing a filter.

Dimensions - Approximate in Inches

Dimensions are reference only and should not be used for hard plumbing. Consult factory for certified drawings.
High Flow Elements

40” Length / 60” Length

Removal Ratings (microns)
0.5, 1, 5, 10, 20, 40, 70
@ Beta 5000 (99.8% efficiency)

Maximum Operating Temperature (°F / °C) 160 / 71

Maximum Differential Pressure 50 psid @ 68°F
(3.4 bar @ 20°C)

Recommended Change-out Differential Pressure
35 psid @ 68°F
(2.4 bar @ 20°C)

Depending on application, systems can be used with
40” or 60” bags or cartridges. Bag restrainer expands
bag fully during filtration.
**How To Order Housing**  
Build an ordering code as shown in the example

Example: H - 183 - 60 - 4F - 1 - 150 - S - E - S - C

- **HOU=**  
  - **R CARTRIDGE** (No. of Elements)  
    - Model 8 = 8 (1)  
    - Model 18 = 18 (3)  
    - Model 24 = 24 (7)  
    - Model 30 = 30 (10)  
    - Model 36 = 36 (13)  
    - Model 42 = 42 (18)  
    - Model 48 = 48 (24)  
  - **S CARTRIDGE** (No. of Elements)  
    - Model 8 = 8 (1)  
    - Model 18 = 18 (4)  
    - Model 24 = 24 (7)  
    - Model 30 = 30 (12)  
    - Model 36 = 36 (19)  
    - Model 42 = 42 (22)  
    - Model 48 = 48 (31)
